Build Authentic Live Local

Our goal is simple: to be a meaningful part of the communities we build in. We want to design homes that make sense for their surroundings—and to do that, we need to understand the local context. In order to truly experience a place, we look to the land, its history and natural beauty. We tap into the authentic spirit of the community by really becoming a part of it. When we forge connections with the local businesses and grassroots organizations that shape these places, we shift our perspective to one of respect—for the land we build on, the people we build with and the neighbourhoods we build in. This is the foundation for every Infinity home.

The Valley's Central Hub

Welcome to the Rail District: a master-planned community blending urban excitement with laid-back Valley living. Located in Abbotsford's Historic Downtown, the Rail District is steeped in rich local history and situated in a close-knit network of small businesses, restaurants and cultural experiences.

Live in the Heart of the Community

Hillside Neighbourhood

Downtown Abbotsford is defined by its storied past and tight-knit character. Hillside honors this legacy with a shift toward timeless design, featuring enhanced brick detailing and a classic, enduring aesthetic. As the last phase

of townhomes available at The Rail District, Hillside offers a final opportunity to own a home in this landmark community. Experience an elevated sense of place where history meets its most sophisticated finish yet.
